RBP Troubleshooting

Use this tool to better prevent, diagnose, and fix Role-Based Permissions issues. It replaces the legacy View User Permission tool.

[User Role and Permission Search](#) [Target Population Search](#) [Compare Roles](#) [User Group Search](#)

▼ Search Criteria

This tool allows you to search for and compare permission roles and user permissions. You have two options: 1. Input a single user into the "Access User 1" field to search for that user's permissions and roles. 2. Input the permissions and roles of the two users

- As the admin is part of the "Super Admins" group. We don't need to look it up in Permission Groups.
- Go to "Manage Role Permissions" from the top search bar and select "System Admin (Full Permissions)"

SAP Admin Center ▾

Search for actions or people

Admin Center / Manage Permission Roles

Manage Permission Roles

Different users should have different access to the information in the application. A role controls the access rights of its users to the application or employee data. Each role has its own access permissions that you define. You can also limit what a group can access.

ⓘ If you encounter issues listed in [this Help Portal](#) topic, create a Refresh RBP Model job in Scheduled Job Manager to fix them.

Exclude these people from the group:

▼ People Pool

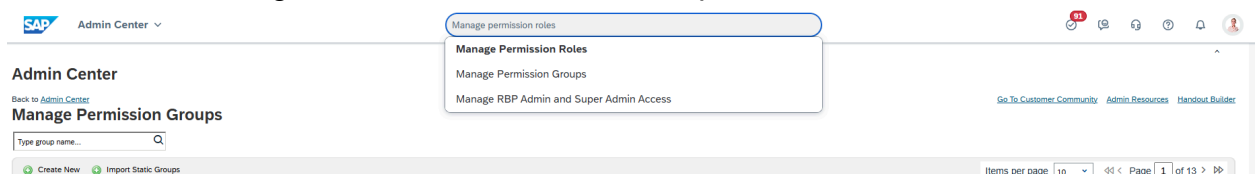

Done

Cancel

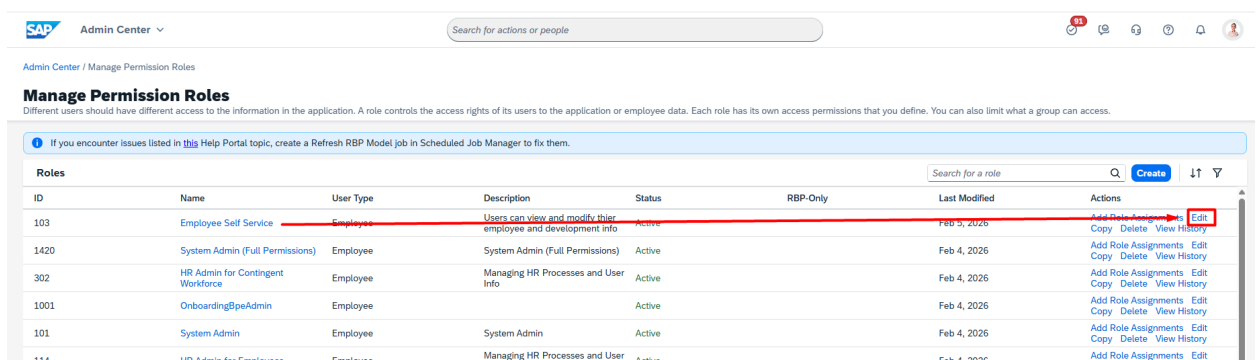

- e. Check what roles are assigned to the user in the “Related Permission Roles” tab. It seems to be “Employee Self Service”.

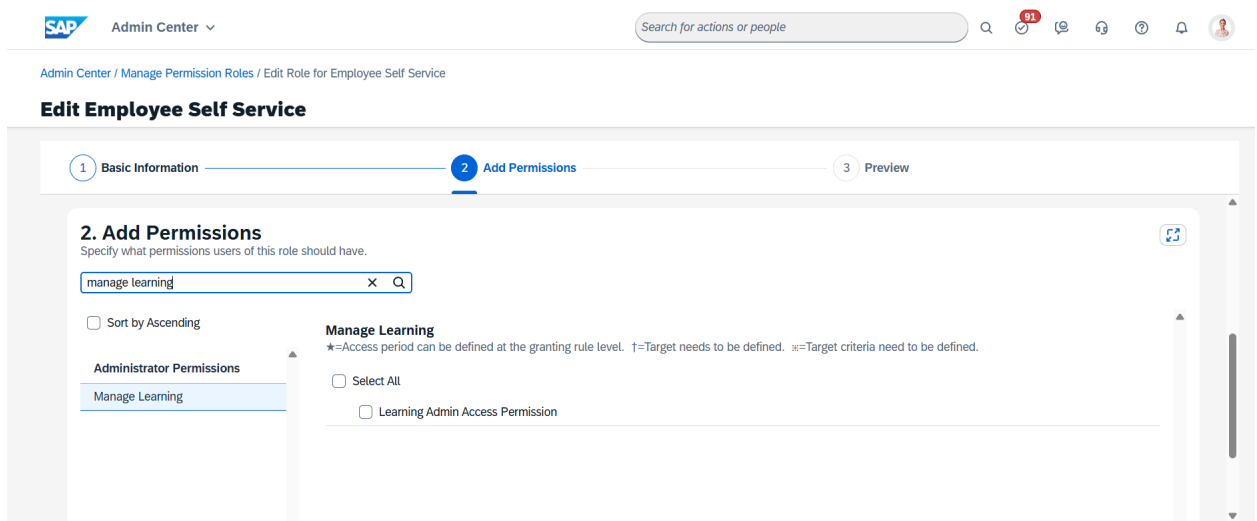

- f. Now search “Manage Permission Roles” in the top search.

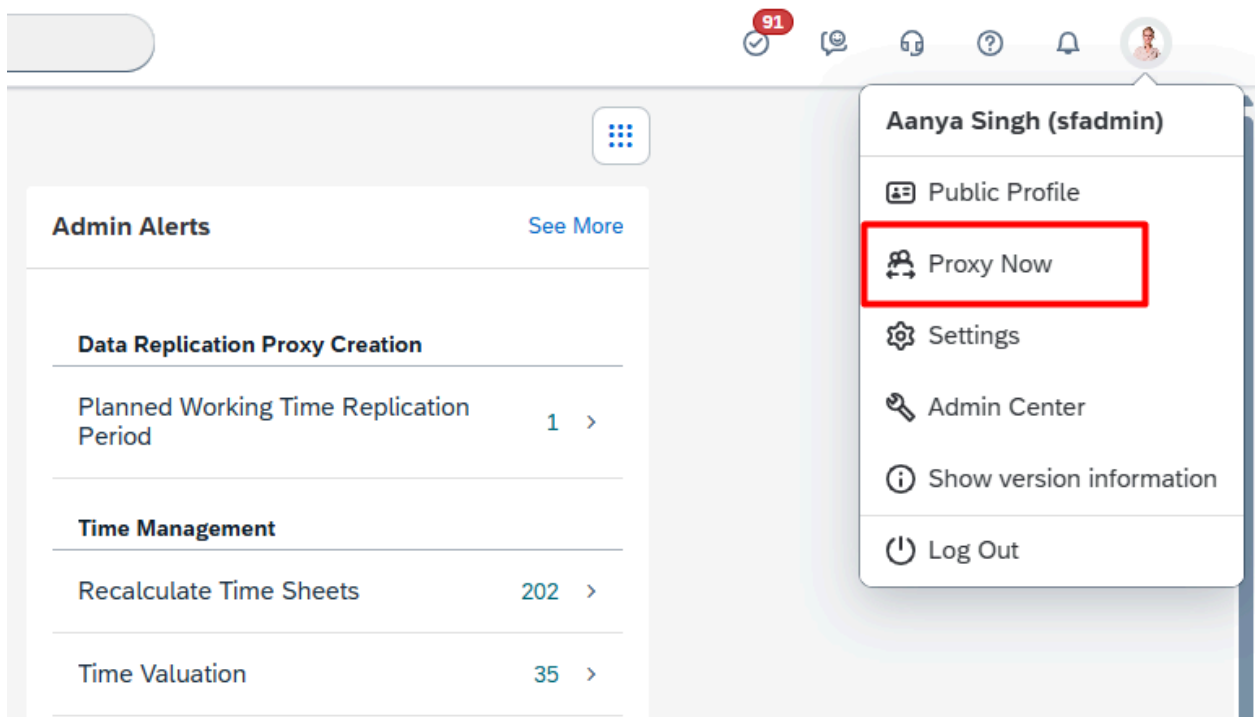

- g. Now look for the “Employee Self Service” role from the list and click the edit button in front of it.

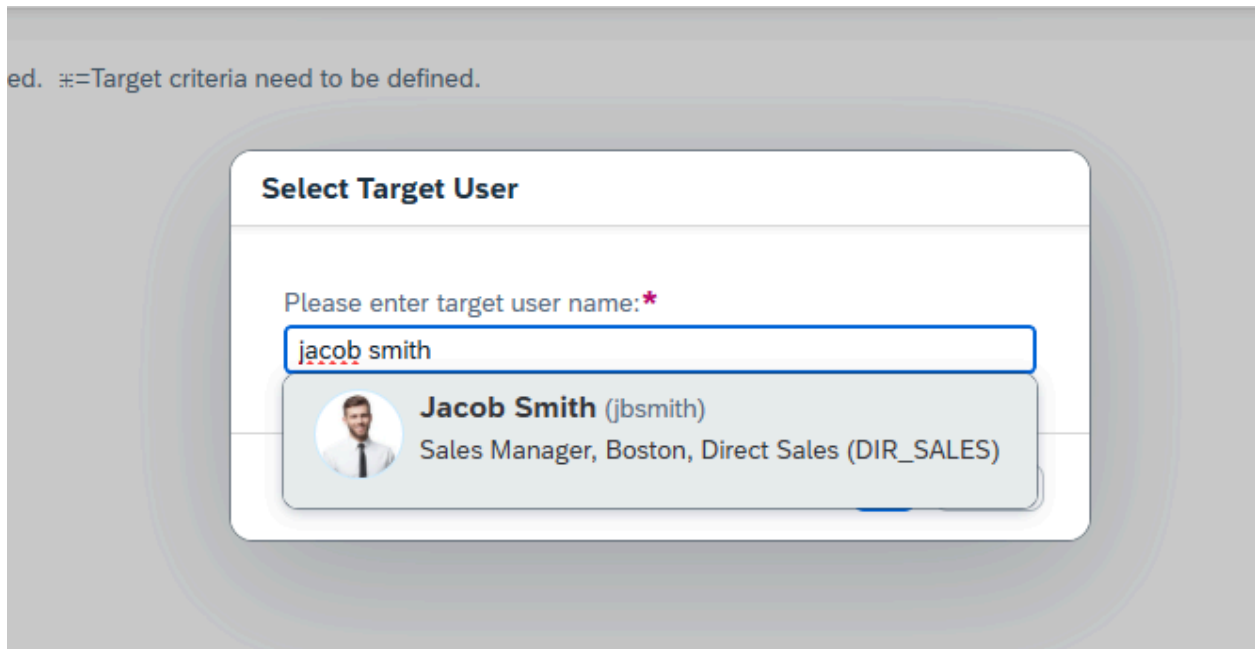

- h. Click next on the Basic information tab and search for “Manage Learning” on the Add Permissions tab. Then, the “Learning admin access permission” checkbox is unchecked; therefore, this is the root cause.

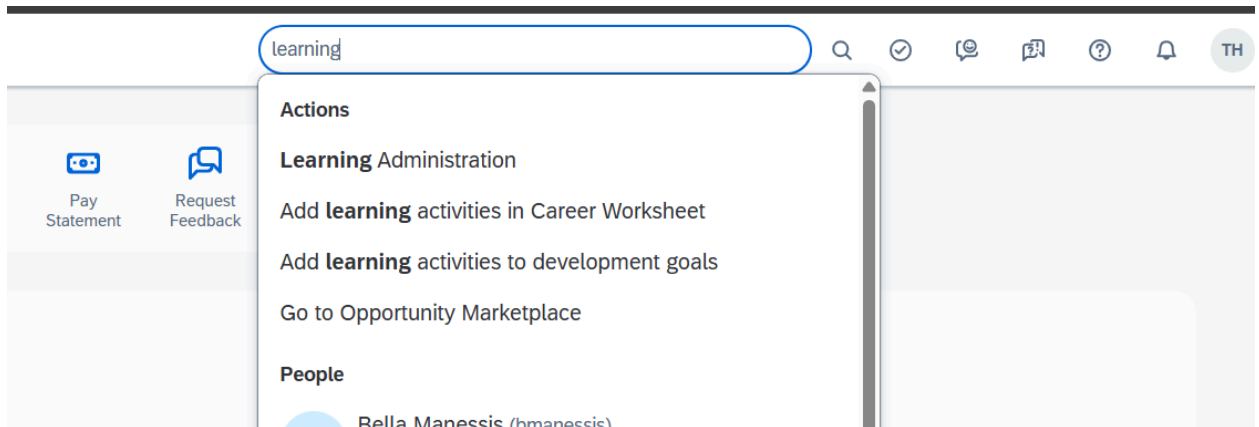

- i. To Verify, click on the profile icon on the top right corner and select Proxy Now from the drop down

- j. Type the affected user's name in the popup, which is Jacob Smith. Select the user from the dropdown and hit Ok.

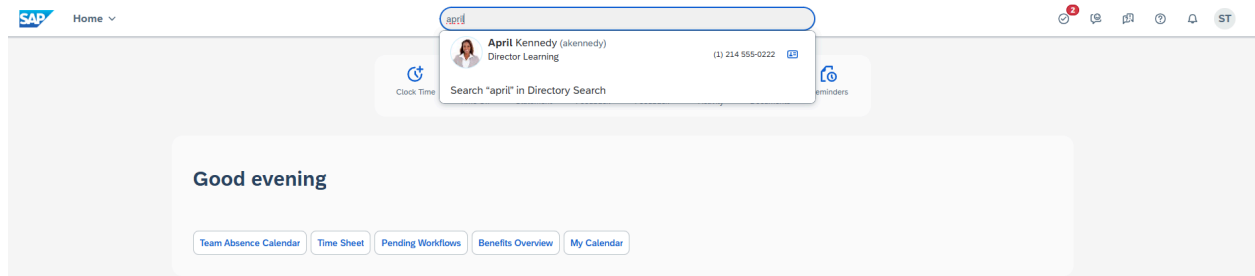

- k. Now type "Learning Administration" in the top search and you can see it appear.

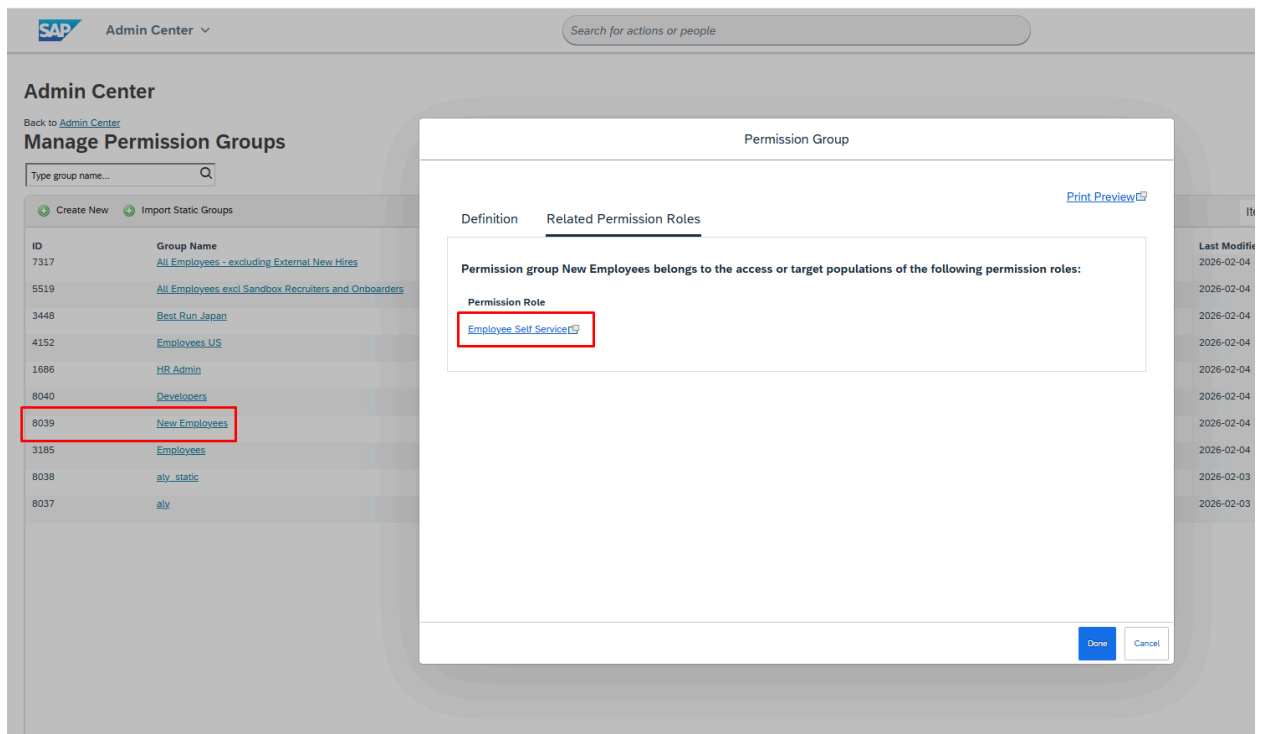

3) A User Cannot See Another User or Population.

Sophie Thaler can see April Kennedy in the top searchbar, but other people do not show up.

- a. Go to RBP troubleshooting like the **Second task (1 to 5)** and check what group Sophie Thaler is a part of. Then open that Group in “Manage Permission Groups” to check what Roles are assigned to that group.

- b. It is the Employee Self Service Role. Now go to “Manage Permission Roles” from top search.

c. Now click the Self Service Role from the list.

Manage Permission Roles
Different users should have different access to the information in the application. A role controls the access rights of its users to the application or employee data. Each role has its own access permissions that you define. You can also limit what a group can access.

If you encounter issues listed in this Help Portal topic, create a Refresh RBP Model job in Scheduled Job Manager to fix them.

☒ Permission Group Select Groups
Best Run Japan X

☐ Granted User's Customizable Field 1

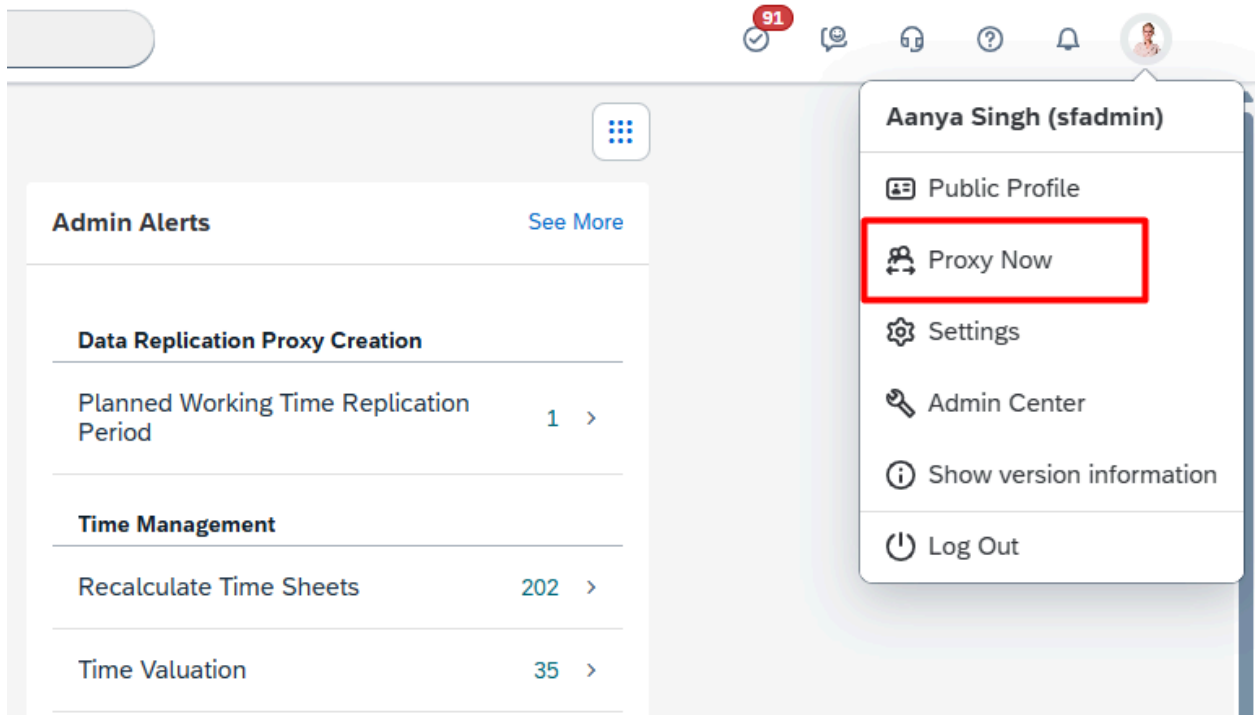

☐ Exclude granted users from having the same access to themselves.

☐ Exclude by User

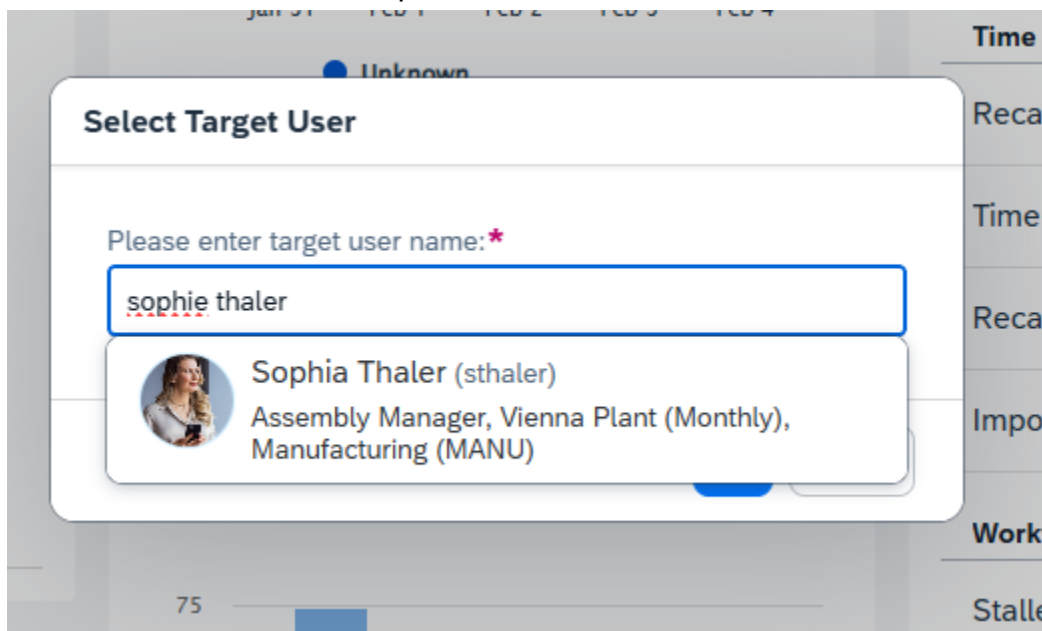

☐ Exclude by Person

4. Define Target Criteria

- f. If it is set to “Everyone”, Sophie can now see all the employees. To Verify, click on the profile icon on the top right corner and select Proxy Now from the drop down

- g. Type the affected user's name in the popup, which in this case is Sophie Thaler. Select the user from the dropdown and hit Ok.

- h. Now when you type other people's names, aside from April, in the top search they will show up.

4) Joanne Pawlucky cannot see another user John Zackery's nationality.

The screenshot shows the SAP Employee Files interface. The top navigation bar includes the SAP logo, 'Employee Files', and a search bar. The breadcrumb trail is 'People Profile / Personal Data / Personal Information'. The main heading is 'Personal Information', with 'Edit', 'History', and 'As of Today' buttons. Below this, a profile card for 'John Zackery' (Regional Sales) shows an 'Effective Date' of 'May 1, 2025'. A tab bar at the bottom of the card shows 'Personal Information' (selected) and 'Global Information'. The main content area is divided into 'Name Information' and 'Additional Information'. 'Name Information' lists 'First Name: John' and 'Last Name: Zackery'. 'Salutation: Mr.' is shown. 'Additional Information' lists 'Gender: *****' (with a 'Show' link) and 'Preferred Language: English (US)'. A 'Show Empty Fields (2)' link is at the bottom right.

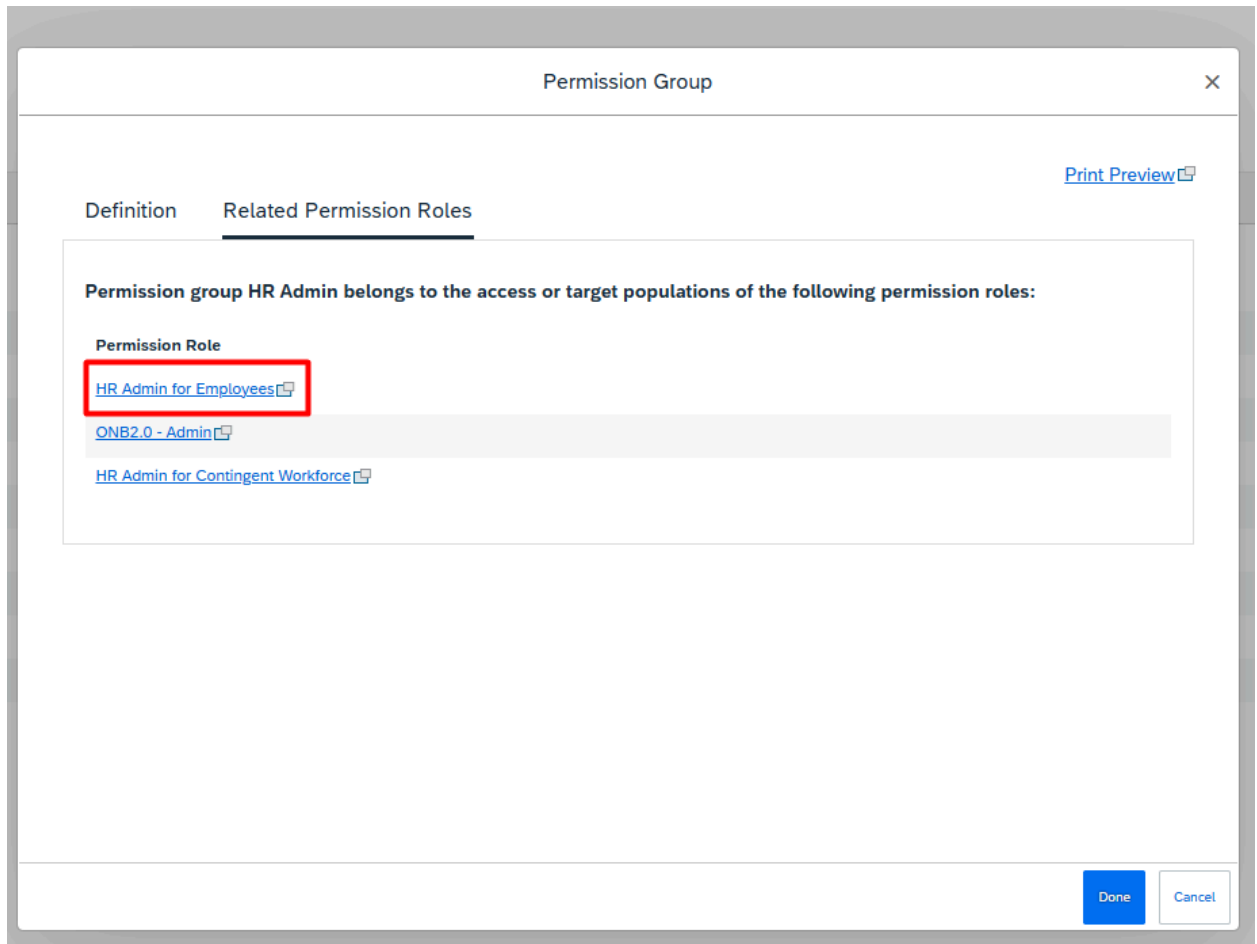

Name Information		Additional Information	
First Name:	John	Salutation:	Mr.
Last Name:	Zackery	Gender:	***** Show
		Preferred Language:	English (US)

- a. Go to RBP troubleshooting like the **Second task (Step 1 to 5)** and check what group Joanne Pawlucky is a part of. Then open that Group in “Manage Permission Groups” to check what Roles are assigned to that group. “HR Admin” Group.

The screenshot shows the SAP Admin Center 'RBP Troubleshooting' page. The top navigation bar includes the SAP logo, 'Admin Center', and a search bar. The breadcrumb trail is 'Admin Center / RBP Troubleshooting'. The main heading is 'RBP Troubleshooting', with a description: 'Use this tool to better prevent, diagnose, and fix Role-Based Permissions issues. It replaces the legacy View User Permission tool.' Below this, a tab bar shows 'User Role and Permission Search', 'Target Population Search', 'Compare Roles', and 'User Group Search' (selected). The main content area is titled 'Search Criteria' and contains a search bar with 'User * Joanne Pawlucky' and a 'Search' button. Below the search bar, a table displays the results. The table has columns for 'Group ID', 'Group Name', 'User Type', and 'Group Type'. The results show one group: '1686', 'HR Admin', 'Employee', and 'Dynamic'. A 'Search for a group' search bar is at the bottom right.

Group ID	Group Name	User Type	Group Type
1686	HR Admin	Employee	Dynamic

- b. We will use the first role. “HR Admin for Employees”

- c. Go to “Manage Permission Roles” and select “HR Admin for Employees” from the role list.
- d. On the Add Permissions tab search for “Employee Central Effective Dated Entities” and search for Nationality in the list. This is unchecked which is causing

the problem.

Take Action

b. Click the “Take Action” button on the top right corner of the screen. Then click make correction from the dropdown.

c. Scroll to the bottom to the Trigger Rules.

The screenshot shows the SAP Admin Center interface for configuring Trigger Rules. The top section lists various address and user fields with their corresponding Alt2 values and status. The bottom section, titled "Trigger Rules", contains a table with columns for Base Object, Event Type, Rules, Enabled, and Actions. The table lists three rules for the "Home Address Model" base object, with the first rule being "onSave" and "SB EC WF Address Changes (SB_E...)" which is currently disabled.

Base Object	Event Type	Rules	Enabled	(1) More Actions
Home Address Model	onSave	SB EC WF Address Changes (SB_E...)	Yes	Details
Home Address Model	onView	ghome (ghome)	No	Details
Home Address	No Selection	No Selection	Yes	Details

Updated by Aanya Singh(sfadmin) on Wednesday, February 4, 2026 8:18:28 AM EST

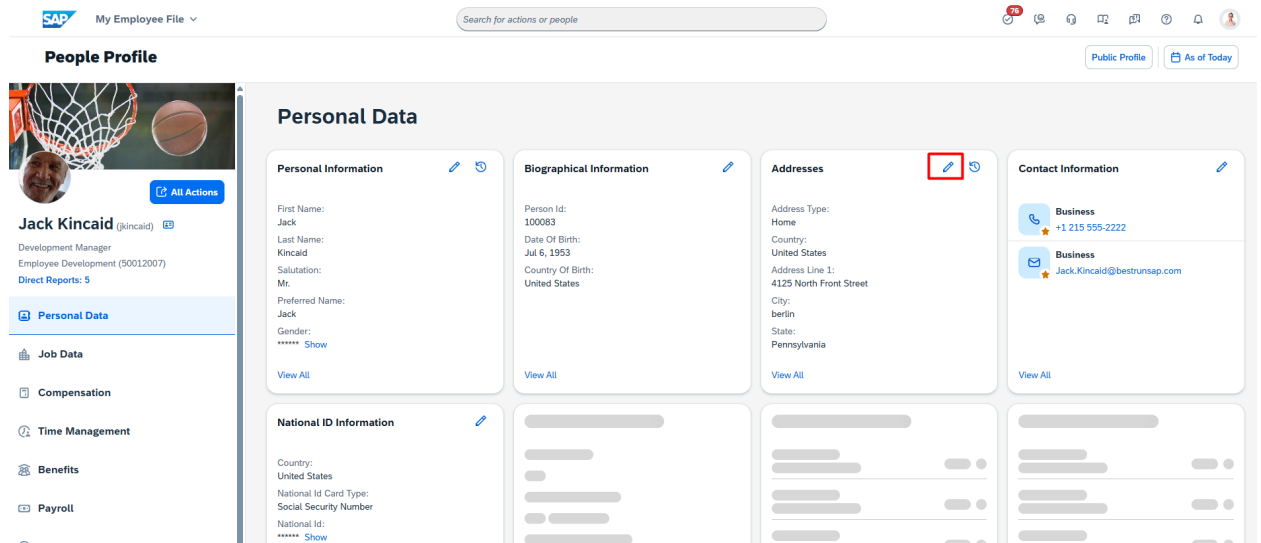

d. There needs to be a rule by setting base object as “Home Address Model”, Event Type “OnSave” and Rule as “EC WF Address Changes”, which is missing here and is the root cause of this issue.

This screenshot shows the same SAP Admin Center interface as the previous one, but with an additional rule added to the "Trigger Rules" table. The new rule is for the "Home Address Model" base object, with the event type "onSave" and the rule "EC WF Address Changes (ECWFAdd...)", which is currently enabled.

Base Object	Event Type	Rules	Enabled	(1) More Actions
Home Address Model	onSave	SB EC WF Address Changes (SB_E...)	Yes	Details
Home Address Model	onView	ghome (ghome)	No	Details
Home Address Model	onSave	EC WF Address Changes (ECWFAdd...)	Yes	Details
Home Address	No Selection	No Selection	Yes	Details

Updated by Aanya Singh(sfadmin) on Wednesday, February 4, 2026 8:13:09 AM EST

- e. To verify, go to the profile of the person by searching Jack Kincaid.

The screenshot shows the SAP People Profile page for Jack Kincaid. The page is titled "People Profile" and includes a search bar at the top. The profile card on the left shows Jack Kincaid's name, title (Development Manager), and a button for "All Actions". The main content area is divided into sections: Personal Data, Biographical Information, Addresses, and Contact Information. The Addresses section is highlighted with a red box, indicating the next step in the process.

National ID Information

Country: United States
National ID Card Type: Social Security Number
National ID: ***** Show

- f. Now Click the pencil icon on the Addresses Section which displays this popup.

The screenshot shows the SAP Addresses popup. The popup is titled "Addresses" and includes a date selector for "When should these changes take effect?". The "Home" address is selected, and the form fields are populated with the following information:

Country: United States
Address Line 1: 4125 North Front Street
Address Line 2:
City: berlin
County:
State: Pennsylvania
ZIP: 17110

The popup also includes a "Save" button and a "Cancel" button.

- g. Now when you change the City and click Save. You are shown another popup with the approvers visible from the workflow. Click Submit

The screenshot shows the SAP People Profile 'Addresses' page for Jack Kincaid. The page includes a sidebar with navigation links like 'Home', 'Person', 'Job Data', 'Compensation', 'Time Management', 'Benefits', 'Payroll', and 'Performance'. The main content area shows the 'Addresses' section with a date selector set to 'Feb 04, 2026'. Below this, there are input fields for 'Country' (set to 'United States'), 'Address Line 1' (set to '4125 North Front Street'), 'County', and 'State' (set to 'Pennsylvania'). A 'Save' button is visible at the bottom right of the page.

A 'Confirm Request' popup is displayed in the center of the screen. The popup has the title 'Confirm Request' and the subtitle 'Submitting Addresses Change request for Jack Kincaid.' It contains a text input field labeled 'Enter your comment here' with a green speech bubble icon. Below the input field is a button labeled 'Hide Workflow Participants'. Underneath this is a section titled 'Approvers' which lists two approvers: 'Tessa Walker, HR Business Partner Global' and 'Christine Dolan, Chief Human Resources Officer'. At the bottom of the popup are 'Submit' and 'Cancel' buttons.

6) After changing the language on a Profile, the changes revert after saving.

- a. Search “Manage Business Configuration” in the top search bar and select “personalInfo” from the left side.

The screenshot shows the SAP Admin Center interface. The top navigation bar includes the SAP logo, 'Admin Center', and a search bar. The left sidebar shows the 'Employee Central' menu with 'personalInfo' highlighted. The main content area displays the configuration for 'personalInfo' (Identifier: complinfo). The configuration includes fields for 'Label' (Compensation Information), 'Default Label' (Compensation Information), 'Enabled' (Yes), and 'Enabled For Onboarding' (Yes). Below this, a table lists 'HRIS Fields' with columns for 'Identifier', 'Label', 'Enabled', 'Mandatory', and '(19) More'. The table contains 19 rows of fields, including 'job-level', 'pay-type', 'notes', 'seq-number', 'pay-group', 'is-eligible-for-benefits', 'is-eligible-for-car', 'benefits-rate', 'compa-ratio', 'range-penetration', 'payroll-system-id', 'payroll-id', 'flsa-status', 'salaryCurrencyCode', 'is-highly-compensated-employee', 'is-insider', 'pensionable-salary', 'compensation-structure', 'proration-factor', and 'custom-string20'.

Identifier	Label	Enabled	Mandatory	(19) More

pensionable-salary	Pensionable Salary	No	No	Details
compensation-structure	Compensation Structure	Yes	No	Details
proration-factor	Proration Factor	Yes	No	Details
custom-string20	Annualized Salary Changed	No	No	Details

- b. Click the “Take Action” button on the top right and Select Make Correction from the dropdown.

The screenshot shows the same SAP Admin Center interface as before, but with a red arrow pointing to the 'Take Action' button in the top right corner of the main content area. The button is a dropdown menu.

- c. Scroll down to the Trigger Rules section.

- d. The Enabled field to is set to Yes on EC Override Change rule. This is causing the override.

The screenshot displays the SAP rule configuration interface. At the top, there are several input fields for rule parameters, including 'certificate-start-date', 'certificate-end-date', 'attachment-id', 'script', and 'No Selection'. Below these is a 'Trigger Rules' section with a table of rules. The table has columns for 'Base Object', 'Event Type', 'Rules', 'Enabled', and 'Actions'. The rule 'EC Override Change (EC_Overrid...)' is highlighted, and its 'Enabled' dropdown menu is open, showing 'Yes' and 'No' options. The 'Yes' option is selected. At the bottom right, there are 'Save' and 'Cancel' buttons. A status bar at the bottom indicates the configuration was updated by 'Aanya Singh(sfadmin)' on Wednesday, February 4, 2026, at 8:21:51 AM EST.

Base Object	Event Type	Rules	Enabled	(1) More Actions
Personal Information Mode...	onSave	Q EC WF Personal Details (ECWFPe...	Yes	Details

8) “My Team” tile in the Organizational Updates section is missing from the Home Page

a. Search for “Manage Home Page”

b. Click on the arrow in front of the “Organizational Updates”

- c. Expand the “Default Folder” arrow and then click on the pencil icon in row of “My Team”

Admin Center / Manage Home Page / Manage Organizational Updates

Manage Organizational Updates

You can add up to 100 custom cards. People can see up to 16 of them. They see the top 16 active cards that are visible to them, in the order below. To change the order of cards or folders, you can drag and drop them with a mouse or use the More Actions menu.

Organizational Updates (20) View as: Select Target Groups Add Folder

Name	Target Group	Active Period	Enabled	Actions
▼ Default Folder (Untitled)				...
My Team	All Employees - excluding External New Hires (group)	Always	No	  ...
My Profile	All Employees - excluding External New Hires (group)	Always	Yes	  ...
Enterprise Alumni	Tessa Walker + country	Always	Yes	  ...
Succession	Tessa Walker + country	Always	Yes	  ...
Admin Center	SFADMIN only	Always	Yes	  ...
Recruiting	Tessa Walker + country	Always	Yes	  ...
My Mobile	Sandbox Users	Always	Yes	  ...

- d. The Enabled button is unchecked, therefore it is not showing on the home page.

- e. To verify, My Team is visible in the Organizational updates section of the Home Page.

The screenshot displays the SAP Home Page interface. At the top, the SAP logo is on the left, and a 'Home' dropdown menu is highlighted with a red box. A search bar with the placeholder text 'Search for actions or people' is in the center. On the right, there are icons for notifications (11), messages, and a help icon.

Below the header, a 'Good evening' greeting is followed by a row of navigation buttons: 'Team Absence Calendar', 'Time Sheet', 'Pending Workflows', 'Time Sheet Approval Center', 'Benefits Overview', and 'My Calendar'.

The 'Needs Attention' section contains three tiles:

- Job Requisition**: Relationship Manager, Submitted on Feb 4, 2026, Location: US Bank (B200-0001), Req Id: 3409, Hiring Manager: Aanya Singh, Recruiter: Tessa Walker, Pending For: 0 day. View All (34).
- Data Review**: Review New Hire Data, Jenny Kergis, Start Date: Jan 1, 2025, 399 days overdue. View All (5).
- Learning Assignments**: Anti-Discrimination Policy w/Quiz, Online, 346 days overdue. View All (5).

Below this, the 'Organizational Updates' section features three tiles:

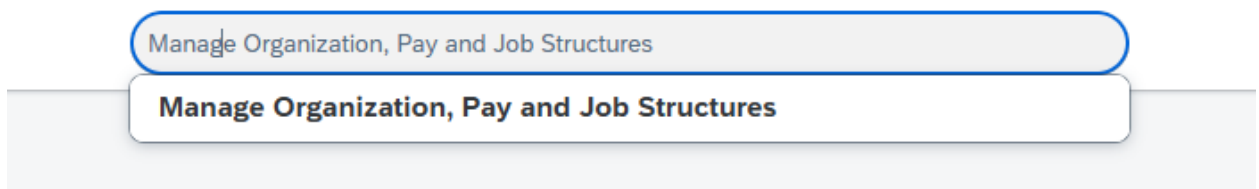

- My Team**: Highlighted with a red box, showing a group photo of four people.
- My Profile**: Showing a profile picture of a man.
- Admin Center**: Showing a profile picture of a woman.

9) Workflow Triggers but it is assigned to the wrong Approver

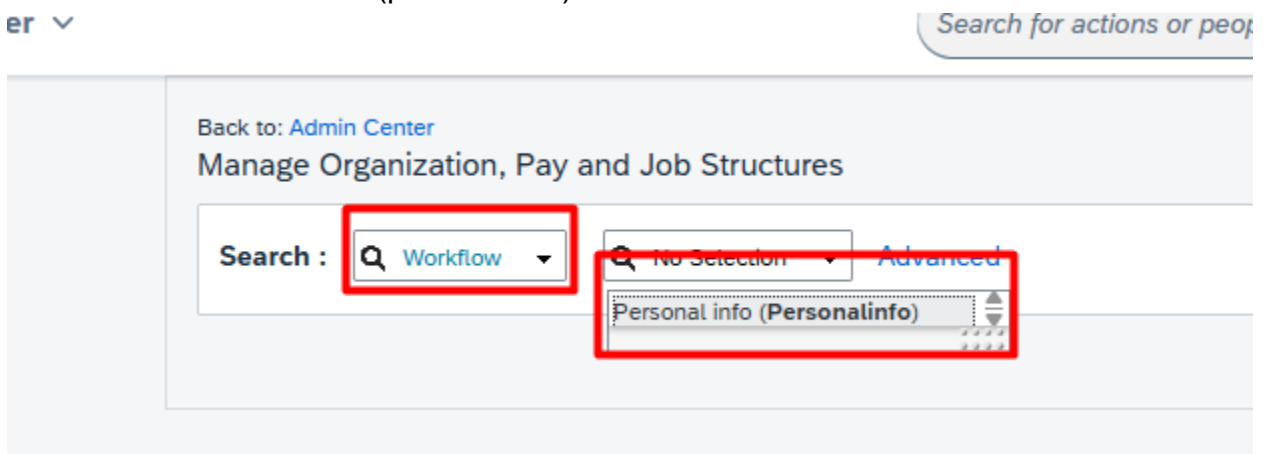

Sam Martin's changes to his First and Last Name should go to HR for Approval but it goes to his Manager instead.

The screenshot shows a 'People Profile' form for Sam Martin. The form includes fields for Personal Information (First Name, Middle Name, Last Name), Gender, Marital Status, Salutation, Preferred Name, Nationality, and Attachment. A 'Confirm Request' modal is open in the center, displaying the text 'Submitting Personal Information Change request for Sam Martin.' and a 'Hide Workflow Participants' button. Below the modal, the 'Approvers' section shows a list of approvers, including Laurent Moulet, President BestRun EMEA. The form also has a 'No attachments uploaded' message and a 'Save' button at the bottom right.

- a. Go to "Manage Organization, Pay and Job Structures"

- b. Select Workflow in the first dropdown and search "personalinfo" in dropdown next to it. Select "Personal info (personalinfo)".

c. Hover over Take Action on the top right and select Make Correction.

Search for actions or people

Back to: Admin Center
Manage Organization, Pay and Job Structures

Search : Workflow Personal info (Personalinfo) Advanced Create New : No Selection

Workflow: Personal info (Personalinfo)

Workflow ID: Personalinfo
Name: Personal info
Description:
Remind In Days:
Is Delegate Supported: No
Alternate Workflow:
Escalation:
Redirect CC Users To Workflow Approval Page: No

Step 1

Approver Type	Approver Role	Context	Edit Transaction	No Approver Behavior	Relationship to Approver	Respect Permission	Workflow Email Configuration
Role	Manager	Source	No Edit	Skip this Step	Employee	No	

Contributors

No data for Contributors available or you do not have the necessary permission.

Cc Role

Take Action

- Make Correction
- Permanently delete record
- Add to Transport Bundle

d. The approver is set as the manager which is why he is showing up in the workflow. It should be Employee HR instead.

Back to: Admin Center
Manage Organization, Pay and Job Structures

Search : Workflow Personal info (Personalinfo) Advanced Create New : No Selection

Workflow: Personal info (Personalinfo)

* Workflow ID: Personalinfo
Name: Personal info
Description:
Remind In Days: Click or focus to edit
Is Delegate Supported: No
Alternate Workflow: No Selection
Escalation: No Selection
Redirect CC Users To Workflow Approval Page: No

Step 1

Approver Type *	Approver Role *	Context	Edit Transaction	No Approver Behavior	Relationship to Approver	Respect Permission	Workflow Email Configuration
Role	Manager	Source	No Edit	Skip this Step	Employee	No	No Selection

Step 2

Approver Type *	Approver Role *	Context	Edit Transaction	No Approver Behavior	Relationship to Approver	Respect Permission	Workflow Email Configuration
No Selection							

- e. Now if we changed that to Employee HR when Sam changes his first or last name, the approver is Martin's HR Manager.

10) Wrong Approver Showing up in workflow

Sam Martin says that his HR Manager has changed in the company but the approval for the Name changes are still going to his previous HR manager.
